Commonwealth Situation Report #9 – Final

Monday, June 28, 2004

1. Situation

A severe storm system moved into the Commonwealth of Virginia on November 18 and 19, 2003, dumping up to 4.28 inches of rain in 12 hours resulting in flash floods through the southwestern part of Virginia. Two young children in Buchanan County died when their home was washed away by a flash flood. Preliminary assessments indicated the most severe impacts were to single-family residences, manufactured homes and private access bridges. Several apartment buildings with major damage were also identified, as well as damage to sewer pipes and private wells.

Governor Mark R. Warner declared a State of Emergency in the counties of Bland, Buchanan, Giles, Pulaski, Rockbridge, Smyth and Tazewell, and the cities of Galax and Radford on November 20. After evaluations by Preliminary Damage Assessment teams, Governor Warner requested a federal disaster declaration on November 26. On December 9, a Major Presidential Disaster Declaration (FEMA-1502-DR-VA) was granted to Virginia for Individual Assistance in the counties of Bland, Buchanan, Giles, Smyth and Tazewell, and the city of Galax.
